

June 23, 1999

VPCD-99-10 (LDV/LDT/SM/ICI/LIMO)

Dear Manufacturer:

Subject: Revised Certification Team Assignments

The enclosed chart contains a revised certification manufacturer contact list. This contact list, which is effective immediately, is similar to the list provided in EPA guidance letter VPCD-99-03, February 26, 1999, except that Peter Hutchins has replaced Lynn Sohacki as a team leader.

The enclosed contact list is sorted alphabetically by manufacturer. The Vehicle Programs Group (VPG) staff person is identified by the initials of their name with the primary contact appearing first, followed by any secondary contact assigned to the manufacturer (one of which is the team leader). A list of the Vehicle Programs Group certification staff along with their phone numbers and FAX numbers is in the outlined box at the top of the chart.

If there are questions about this letter, please contact your certification team representative.

Sincerely,

Jane Armstrong, Director
Vehicle Programs and Compliance Division
Office of Mobile Sources

Enclosure

EPA CERTIFICATION & FUEL ECONOMY - MANUFACTURER CONTACTS - JUNE 1999

(734)	
Russ Banush (SEEP/40hrs)	214-4925 M-Th
